

Pioneering Doctor Wins Prestigious Book Award

After years of research directly in the psyche, Aurora Juliana Ariel, PhD releases her landmark discoveries and revolutionary breakthrough Healing System, *TheQuest™* in her Award Winning first book in the Earth 2012 series

WAILEA, Hawaii – *Earth 2012: The Ultimate Quest, How To Find Peace in a World of Chaos* won second place in the 2009 Visionary Awards in the Conscious Living/Self Help Category. The COVR (Coalition of Visionary Resources) Awards Ceremony took place at INATS, the International New Age Trade Show in Denver, Colorado, on Saturday, June 27, 2009.

In her groundbreaking, critically acclaimed book, *Earth 2012: The Ultimate Quest, How To Find Peace In A World of Chaos*, Dr. Aurora Juliana Ariel melds powerful psychology, breakthrough healing steps, and scientific predictions to show how our planet is emerging from a Dark Night into consciousness – and how we can individually unlock our full potential. Her belief, “When you heal your life, you change your destiny.”

Dr. Ariel developed a revolutionary Self Counseling Technique that distills a powerful subconscious healing process into seven steps designed to accelerate personal healing. It is a remedy – and it is real. Driven workaholics, addicts, and those working off an old (and damaging) script have used *TheQuest™* to self heal by reprogramming the subconscious.

A pioneer in her field, Dr. Aurora Juliana Ariel has delved deeply into life’s most sacred mysteries, unlocking the potential of the soul and a higher destiny for humanity. Through *TheQuest™*, she provides a way that individuals worldwide can heal and transform their lives. Her heart for humanity has also translated into *TheQuest™* Certificate Trainings under the Institute of Advanced Healing (a non profit she founded and heads), and a plan where graduates can set up chapters to serve their communities around the world.

Her love for translating knowledge into inspired media productions birthed AEOS (her multimedia co) with a host of music, books, and films she is authoring. Her latest release is *Earth 2012: Time of the Awakening Soul, How Millions of People Are Changing Our Future* and world music CD with renowned multi-instrumentalist, Bruce BecVar, *Gypsy Soul, Heart of Passion*. A powerful visionary, Aurora’s next intention: **To Take Oprah through *TheQuest™* on the Oprah Show** so that people around the world can see how easy it is to resolve issues, heal patterns, and change the challenging conditions of their lives.

TheQuest™ is part of a bigger picture, however. Drawing on parable and historical references, *Earth 2012: The Ultimate Quest* is a concise guide that carefully outlines the path to internal peace, but also explains the incredible passage humankind is in – an amazing time period in which an entirely new culture is emerging *en masse*. Using science, research, and drawing on her psychological expertise, Dr. Ariel weaves a blend of sacred prophecies, scientific predictions, and prophetic visions centered around the year 2012, a very significant time period in which the Mayan calendar comes to an end. This magical year represents an unprecedented opportunity to turn the tide on our current challenging planetary conditions... and it is an opportunity for you to play a significant role in your own. In the year 2012, the first rays of light will bathe Earth in glorious, widely prophesized potential: A profound, invisible shift that will affect the human psyche. The question is, will you be ready?

Praise for Earth 2012

“...inspiring, prophetic... can take humanity through a quantum leap into a future Eden ...”

*“After experiencing *TheQuest™* and working closely with Dr. Aurora Juliana Ariel, I am excited to see the powerful ramifications this book will have on people around the world.”*
